EXPERIENCE

Technical Operations and ERP Support Associate Nov 2025 - Present
Pamtsoft Infosolutions, Client Location : Entraco Bks Busducts pvt. ltd. *Nashik, Maharashtra*

- Supported ERP rollout across Purchase, Store, Production, and Quality departments.
- Installed and configured ERP systems on user and management workstations.
- Trained users on core ERP modules and handled coordination and issue reporting.

Web Developer Intern May 2025 - Nov 2025
A2Z IT Hub Pvt. Ltd. *Nashik, Maharashtra*

- Worked on Django-based applications across the development lifecycle.
- Developed backend features using Django ORM and improved existing modules.
- Used Git and GitHub for version control and collaborative code management..

PROJECTS

Student-Course Enrollment API. Github — Live : student-course-enrollement-api.onrender.com

- Designed and developed a REST API using Django REST Framework.
- Implemented many-to-many relationships with intermediate models to enforce business rules.
- Added state-based logic (ACTIVE/DROPPED) to maintain data integrity and reliability.

LogMate-Internal Logging Tool Github — Live: logmate-rrst.onrender.com

- Built a Django-based internal logging system to record daily work activities and interactions.
- Implemented relational models and CRUD workflows with time-based filters (today, 7, 30 days).
- Deployed on Render; actively used daily with 60+ logged entries.

CERTIFICATIONS

- AWS Cloud Practitioner Essentials - FutureSkills Prime (2024)
- Java + Python Full Stack Development - CoDingSeekho Institute (2025)
